MyConference Video Public Room Locations

The MyConference Video Public Room network is extensive; with over 450 public video conferencing rooms available in Australia and over 3,500 available international locations. The following is a list of the cities and countries that Telstra iVision has a Video Public Room facility.

New sites are added regularly, so please call us (1800 637 480) if you don't see the location you need on this list. Also because of Telstra iVision's vast experience in video conferencing, if we don't have a public room site in the location you were looking for, we will source the nearest available facility for you.
